NUEVA TECNOLOGÍA NANOWEB

La nueva tecnología de recubrimiento Nanoweb, libre de solventes, brinda más flexibilidad, control y durabilidad que el proceso tradicional de "Electrospinning" (proceso para producir fibras en nano y micro escala utilizando un campo eléctrico). Esta capa tiene un grosor de 15 a 30 micras y se aplica directamente al sustrato de filtración macro

Si se usa como sustrato independiente, la red de nanofibras alcanza entre 100 y 200 micras de grosor.

Vista superior del recubrimiento de nanofibras 260X

Vista lateral del recubrimiento de nanofibras

Vista superior del medio de celulosa estandar 260X

Excelente filtración de partículas finas de hollín, aumentando la eficiencia.

1

Nanofibras duraderas que permiten una superior capacidad de retención de polvo.

2

Mejor limpieza por pulsos, extendiendo la vida útil del filtro.

3

Diseño en capas más resistente en aplicaciones con líquidos, combustibles, aceites o agua.

4

Mejor fabricación, reduciendo costos.

GARANTÍA

DE NUESTROS PRODUCTOS

SAKURA FILTERS® garantiza que sus productos estarán libres de defectos de material y mano de obra durante la vida útil del producto recomendada por el OEM (Fabricante de equipo original) o **SAKURA FILTERS®**. Si se descubre que los productos **SAKURA FILTERS®** están defectuosos, serán reemplazados.

En caso de daño del motor debido a una falla del producto **SAKURA FILTERS®**, la compañía restaurará el motor a la condición equivalente a la que existía justo antes de la falla.

En caso de falla causada por mal uso del usuario o de terceros, instalación incorrecta, alteración, modificación, accidente, negligencia y/o aplicación incorrecta, esta garantía se considerará nula y sin efecto.

Todas y cada una de las fallas del motor que ocurran únicamente debido a los productos **SAKURA FILTERS®**, deben ser inspeccionadas y certificadas por el departamento de soporte técnico de **SAKURA FILTERS®**, en conjunto con el taller mecánico de la elección del cliente. Para realizarse el diagnóstico correcto, la unidad debe estar en las condiciones al momento de ocurrido el percance (no haberse desarmado partes del motor, cambiado fluidos o removido y/o cambiado, el producto **SAKURA FILTERS®** en cuestión) De lo contrario se anulará dicha garantía de producto, así como la reposición o pago de daños colaterales en el uso del producto. **SAKURA FILTERS®** se reserva el derecho de emplear el tiempo necesario para realizar pruebas de laboratorio, análisis, para realizar el diagnóstico y dictamen, para dar solución a reclamación, por los daños colaterales causados por el uso de nuestros productos, así como la recolección del producto en sospecha y piezas o fluidos de la unidad donde fueron instalados los productos **SAKURA FILTERS®**.

SAKURA FILTERS®, no es responsable de ninguna otra pérdida o gasto (traslados, tiempos perdidos, gastos de envío, asesorías técnicas o legales, etc.) consecuente incurrido por dicho defecto o reclamo de terceros.

SAKURA FILTERS® se reserva el derecho de cambiar los diseños de sus productos y su rango de aplicación sin previo aviso.

Todas las referencias cruzadas en este catálogo se basan en la información de referencia cruzada más reciente disponible al momento de la impresión. **SAKURA FILTERS®**, no se hace responsable de ningún error o cambio provocado por el fabricante del equipo original y no ofrece ninguna garantía, ya sea expresa o implícita, en cuanto a su precisión.

PARA EFECTUAR UN RECLAMO

Se requiere comprobante de compra del producto con fecha.

Tenga a la mano los siguientes datos:

- ❶ Datos del solicitante.
- ❷ Nombre, dirección, teléfono y correo electrónico.
- ❸ Datos del vehículo, (marca, modelo, año, VIN, motor, kilometraje).
- ❹ Información del producto.
- ❺ Numero de parte, kilómetros recorridos al momento de la falla, lugar donde se instaló el producto.

Los productos en sospecha así como partes afectadas y fluidos serán recolectados para realizar pruebas y análisis de laboratorio, a fin de dar un informe técnico mas certero.

Descripción de la falla (recomendamos ser lo más explícito posible).
